Candidates in Thick Of Election Fight

Markintosh Will Speak Here Friday
June 13th, and Schooling on
Tuesday, June 17th

The election campaign is being waged with increased intensity in Box Valley, and the two candidates, John Mackintosh, Independent, and L. P. Schooling, are busily engaged in making speeches to the electors throughout the various parts of the constituency.

The U. F. A. party is putting up a big fight to win the Box Valley seat for their candidate. Some of the most prominent government supporters in the Alberta Legislature have been enlisted as public speakers in the U. F. A. campaign here, including Premier J. E. Brownlee, Hon. Geo. Healey, minister of agriculture, and M. C. McKee, deputy speaker of the house. Against this glittering array of platform orators, lone suitor, Stettinson, John Mackintosh, Independent, candidate has to rely on his strength, and cheerful, confident, and unperished, he is giving the U. F. A. one of the toughest battles in the province.

Mackintosh will address a meeting of Bassano electors in the Masonic Community Hall, Bassano, on Friday evening of this week, June 13. His last campaign meeting will be in Husar on Wednesday evening of next week, June 18, the night before election day.

Schooling will hold a meeting in Bassano on Tuesday, June 17, and in Cluny Wednesday, June 18. The principle speaker at these two meetings will be M. C. McKee, deputy speaker of the legislature.

Junior Ball Team Win From Husar

The Bassano school baseball team defeated the Husar boys 11-8 in a game played here last Sunday afternoon. Lloyd Leonard pitched for the Bassano lads, while Andrew Catrow was on the receiving end of the battery.

The Bassano and Husar boys have now had four games, each winning two.

BANKS WILL CLOSE DURING NOON HOUR

Both the Royal Bank of Canada and the Canadian Bank of Commerce will close their doors for one hour at noon time, from 12 o'clock until 1 o'clock. This new regulation comes into effect Monday, June 23, and notice is given in an advertisement appearing in this issue of The Mail.

Wheat Crop Looking Good But Rain Would Be Welcome

High Winds Cause Some Damage to Grain—Moisture Supply Is Getting Low

The wheat crop in the Bassano district is still looking good, although strong winds during the past two weeks have considerably dried out the soil and caused some damage to the growing grain by blowing the soil. The wind damage is not great around Bassano, but in some parts of the Husar district it is considerable. The soil still contains a fair supply of moisture, and farmers would welcome a good rainfall.

The eye crop is not looking so good this spring. Eye is now headed out, and most of the stands are rather thin.

There is still sufficient moisture for plowing, and farmers are turning over new seed and stubble that will be summerfallowed this year.

Government Report

The fourth fortnightly provincial government crop report states that during the last week in May continued high winds caused soil drifting resulting in widespread injury to the province and in limited areas re-seeding was necessary. It is impossible at present to accurately estimate the damage due to soil drifting. The degree in which severely blown fields will recover will depend upon the weather conditions of the next few days. There is considerable injury to crops due to wireworms and cutworms, and it may be stated that injury due to soil drifting and insect pests is slightly above the average.

On the irrigated lands alfalfa is making excellent progress.

Grading Being Done ON MAIN HIGHWAY

Williamson & Colburn, contractors are making progress with the grading of the main highway just east of town. The work is being done on the east side of the C.P.R. D.N.R. buildings has been built but has yet to be smoothed off. This grade eliminates the four railway crossings just east of town.

The grading work is continuing on eastward, and the travelling is very rough, soft, and dusty for motor traffic. The newly started bus line from Brooks to Calgary has found the road so rough that the service has been discontinued between Bassano and Brooks.

On Saturday evening Hon. George Healey addressed a large crowd at Husar. The hall was filled to capacity with enthusiastic U. F. A. sympathizers. Mr. Healey held their attention without interruption while he gave his view on restricting immigration and holding the land for native-born girls and boys instead of forcing them to leave the country looking for employment; the Independent candidate and his well-known party principles; the need of party backing; and a brief outline of the finances of the province; the direct and indirect tax burdens; the resources and expenditures of the past nine years. He also made a spirited talk on the health movement carried on by the U. F. A. party. L. P. Schooling, U. F. A. candidate for Bow Valley constituency, introduced the speaker with a short talk on the line of the U. F. A. Mr. Herbert Salisbury has received word that all her candidates for the examinations of the Association.

Ball Tournament In Bassano Next Wednesday

Four teams will battle for baseball honors in the tournament to be held in Bassano next Wednesday afternoon and evening, June 18. All 14 teams are in the Bow Valley League, and are as follows: Meadowbrook, Arrowwood, Queenstown, and Bassano.

Three games will be played the first game at 1:00 p.m., the second at 3:00 p.m., and the final game in the evening, starting at 6:00 o'clock.

As there is a civic half holiday Wednesday afternoon, townpeople will be free to attend the games.

The dance at night in the Masonic Community Hall for the entertainment of the crowd that attends the tournament.

Boards Drop Two

The Boards offered a slump this week when they lost two games, the first to Queenstown last Sunday on the Bassano diamond, the visitors winning 5-5. In the latter part of the game Queenstown got a number of hits from Balmer's offerings, and coupled with several errors by other members of the team the visitors ran up a commanding lead. Ralph Harrows finished the game for Balmer.

The second loss occurred at Arrowwood Wednesday afternoon. The Boards making the short end of a 7-1 score. Bill Heryford pitched the game.

Plan to Hold A Tennis Tournament

The Bassano Tennis Club plan to hold a tournament in the near future. Just what games will be played has not yet been decided, but it will probably be a mixed doubles tournament similar to that of last season.

Bassano Will be the Gathering Place for Big Crowd July 1st

Attractive Sports Program Prepared for Dominion Day Holiday

Canada's big Dominion Day holiday, Tuesday, July 1st, will be celebrated in Bassano in true holiday fashion with a program of horse races, athletic contests, foot races, baseball tournament, children's athletic events, midway and carnival, and a big dance at night to top off the day's entertainment.

Details of the program are beginning to take definite shape, and many interesting features will be provided for the enjoyment of the crowd.

The baseball games will be played on the ball diamond being prepared inside the race track at the fair grounds. These games are sure to attract considerable interest.

There will be a good list of horse races, with a variety including Roman race, barrel race, and Indian races.

The athletic competitions for both children and adults are expected to be keenly contested, and these events will attract much interest. The children's sports will be run off in the morning, and the main program of the day commences at 1:00 p.m.

The midway and carnival will be operated at the fair grounds, with hot dog and coffee counters, lemonade and ice cream stands, and a variety of carnival games where the crowd may try their skill or luck.

Bassano's fine swimming pool is now in operation, and it is expected on that day it will be well patronized by swimmers.

The dance at night will be held in the Masonic Community Hall. The carnival booths will be moved from the fair grounds following the afternoon program and set up on the street in front of the dance hall. Bassano's Dominion Day program this year is considered a vast improvement over those of former years, and the attractive nature of the various features is expected to draw a record crowd.

Electric Current Rates Are Reduced

Cheaper Current for Customers Using Large Quantity

Jack Allen, local representative of the Calgary Power Co., announces that new and cheaper rates have been arranged for Bassano consumers who use a large amount of current. There are now two scheduled rates of rates, one known as the winter schedule and the other as the summer schedule. They are as follows:

DOMESTIC RATES Winter Schedule

Service charge 50c per month
Energy charge:
First 20 k.w.h. per m. 10c per k.w.h.
Next 20 k.w.h. per m. 5c per k.w.h.
Over 50 k.w.h. per m. 25c per k.w.h.
Over 200 " " " 12c per k.w.h.

DOMESTIC RATES Summer Schedule

Service charge 50c per month
Energy charge:
First 20 k.w.h. per m. 10c per k.w.h.
Next 20 k.w.h. per m. 5c per k.w.h.
Over 50 k.w.h. per m. 25c per k.w.h.
Over 200 k.w.h. per m. 12c per k.w.h.

Commercial Rates

The commercial energy charges are also less, and will result in a saving for those consumers who use a large amount of current. The rates, however, do not use much electricity these long summer evenings.

Swimming Pool Is Now Open; The Water's Fine

Popular Summer Sport Now Being Enjoyed by Old and Young

Splash!

The swimming pool is open, and the water's great! Scores of youngsters are already enjoying their daily dip—some of them going in several times a day—and although only a few adults have dived their swimming suits, this year, more hot weather will bring out many who enjoy this popular summer sport.

Deepening of the pool near the diving board and diving platform, and more accommodation in the dressing rooms are new improvements this year. Further improvements are planned, and these will be made when funds are available.

Marilee Mead has been engaged as caretaker of the pool on Wednesday.

Wm. Ramsey Struck Down By Car In Calgary—Died Later

Former Bassano Resident Victim of Fatal Auto Accident

William Ramsey, who was a Bassano resident for a number of years, was fatally injured in an automobile accident in Calgary early Tuesday morning. The accident happened at a down town intersection shortly after midnight. Ramsey was struck down by a car driven by Clarence M. Holman, aged 25 years, 136 Eighth avenue northeast. He was rushed to the hospital, but efforts to save him were futile, and about 2:45 o'clock Tuesday morning he died from his injuries.

Wm. Ramsey was a brother of Mrs. Robt. Broadfoot, of Bassano. Mr. and Mrs. Broadfoot were immediately notified of the accident, and the same day the went to Calgary to make the funeral arrangements.

The dead man lived in Bassano for several years, and was caretaker at the municipal hospital here. He was born in Rankinville, Scotland, and lived in Canada 20 years. For the past eight months he was employed in the bakery of the Pictorial Store, Calgary.

Bassano Players Will Give Second Showing Of Farce Comedy

"Nothing But The Truth," that laughable three act comedy presented by the Bassano Players several weeks ago, will again be shown in Bassano. The play will be given in the Masonic Community Hall on Saturday evening of next week, June 21.

The first showing of the play received a splendid reception, and this second showing is being made by popular request. Those who were unable to see the play the first time will have an opportunity, Saturday evening of next week, of seeing one of the best comedies shown in Bassano during the past six years.

New Championship Golf Course

George S. Lyon, Canada's Grand Old Man of Golf, split the fairway with the first ball driven from No. 1 tee of the Royal York Golf course recently when this new championship course, claimed by players to be one of the best on the continent, has a par of 72 with a length of 6,510 yards. All Toronto golf clubs were represented at the opening and prominent golfers of the Dominion came together here for the occasion. This course has been selected as the scene of the annual interprovincial team match on August 2, and many tournaments in connection with conventions, including the monster one of the Shriners, will be staged there. Lay-out shows the \$100,000 Club-house of the course with a view of the Royal York Hotel.

Prairie Leaders Say Immigration Control Secured From Ottawa

Regina.—Committee on dispatches from Edmonton and Winnipeg. Premier J. T. M. Anderson said that Saskatchewan had secured an understanding with Ottawa that the province would in future have control of the character and number of immigrants. While no agreement has yet been signed, the province has an understanding similar to that now existing in the other prairie administrations.

Edmonton.—All immigrants coming into Alberta from now on are to be voluntary, coming on their own responsibility, and prepared to take care of themselves, by agreement with the Dominion Government, says Acting Premier Hon. George Hoodley. The right to determine the volume and character of future immigration is to be left to the provinces, this arrangement dating from June 1, and no further movements are to be allowed without the knowledge and approval of the provincial governments. The agreement with the transportation companies, under which immigrant parties have heretofore been brought over, expired at the end of May and will not be renewed.

It is expected that the inter-provincial conference between the three prairie provinces, which is taking place in Winnipeg and which is to deal particularly with immigration and unemployment will materialize shortly after the Alberta elections. The entire question of future immigration policy and methods will then be taken up.

Winnipeg. Man.—Manitoba is in control of volume and character of immigrants to the province. Hon. R. A. Hoy, acting premier of Manitoba, stated, but no agreement has yet been consummated with the Dominion Government. Mr. Hoy referred to a statement made by Hon. George Hoodley, Alberta's Minister of Agriculture, who said that Alberta had completed an agreement on immigration with Ottawa authorities.

The Dominion Government's proposal for handling immigrants was submitted tentatively to the Manitoba Government. "It was decided, however, that the matter be considered at a provincial conference in June. In the meantime the question was allowed to stand undecided. Mr. Hoy thought difficulties would arise until provincial conferences are arrived at to prevent removal of immigrants from one province to another.

Grain Elevator Burned

Cause Of Fire Believed To Be Spontaneous Combustion
Sifton, Sask.—The Pool elevator, built in 1912 and containing 1,000 bushels of grain, was a smoldering heap, on Wednesday morning, June 1, as the result of a fire that broke out the night before. The estimated value at about \$25,000. The fire is believed to have been caused by spontaneous combustion. Twenty empty C.P.R. box cars standing on the loading tracks when the fire commenced, were pushed to safety by manhandling them further away.

Prince Substitutes For King
London, England.—The Prince of Wales substituted for King George in the trooping of the colors during the Horse Guards' parade on the monarch's birthday. He wore the uniform of a colonel of the Welsh Guards. King George, who was 65 years old, watched from a balcony of the admiralty building. He seemed ill despite the thousand-attacked which prevented his participation.

A Six-Horse Team
Churchill, Man.—Population of Churchill, on Hudson Bay, has been tripled, speaking in equine terms. Two teams of horses were brought to the port from the Pra. to join the lone duo of horses taken to Churchill last season by the Department of Railways and Canals. So Manitoba's most ambitious settlement is now a six-horse town.

Against Channel Tunnel
London, England.—Prime Minister MacDonald informed the House of Commons that the government had decided against the construction of the proposed English Channel tunnel. The Prime Minister said a statement on the subject would be circulated in a white paper. He did not indicate the reasons leading to the cabinet's decision.

Health Insurance System Advocated

Would Curtail Income Loss Caused By Sickness Is Belief
Toronto, Ont.—A state health insurance system as a means of curtailing a large percentage of the \$300,000,000 loss of productive capacity in Canada annually from preventable illness was strongly recommended for support by the Canadian Manufacturers' Association in the report of the industrial relations committee here at the 50th annual meeting of the association.

The report cited findings of a special commission appointed by the British Columbia Government in support of the recommendation and stated experience in England, Germany and the United States that sickness causes more loss time than all other causes put together.

Distributing Samples Of Champion Wheat

Toronto Visitors Will Be Reminded Of Alberta's View
Toronto, Ont.—Five thousand samples of the consignment of Alberta wheat which won the world's championship at the Chicago International Exhibition last fall will be distributed among visitors at the Shrine convention here.

Arrangements for the novel method of attracting attention to Alberta's and Canada's achievements in the world of agriculture were concluded by Hon. George Hoodley, Alberta's Minister of Agriculture. As the result of his negotiations, 5,000 phials containing the wheat samples are ready for distribution to interested Shriners or others.

The champion wheat was grown on the farm of Joseph H. B. Smith, at Wolf Creek, Alta.

Question Can Wait Action

No Hurry On Fixing Bay Route Insurance After Shipwreck
Ottawa, Ont.—Question of insurance rates on shipping by the Hudson Bay route is relatively unimportant at the present time, stated Hon. T. A. Crerar, Minister of Railways and Canals. His statement referred to the report of the imperial shipping committee to the Canadian government, saying that it will be inadvisable to fix rates until navigation is open and the effect of icebergs and drift ice on wireless equipment is established.

Mr. Crerar mentioned that it will be 14 to 15 months before European traffic will use the bay route to any extent.

When asked if the government would take over the insurance of shipping until the new rates are struck, Mr. Crerar said no consideration had been given to that phase of the question.

Grain Broker Sentenced

Winnipeg Man Is Given Two Years In Penitentiary
Winnipeg, Man.—P. H. Bole, prominent Winnipeg grain man, was sentenced to two years in penitentiary on charges of obtaining money from the Bank of Montreal by false statements. Mr. Bole, who was head of the Electric Elevator Company, Limited, recently suspended from trading with the Winnipeg exchange, pleaded guilty in provincial police court.

Three charges were laid against the grain official, covering amounts totalling \$55,000 alleged to have been obtained from the bank. After entry of a plea of guilty to all three charges, Mr. Bole was sentenced to one year on one charge and two years on each of the other two charges. All sentences, the court ruled are to run concurrently.

New Radio Receiver
Atlantic City, N.J.—A radio receiver capable of adjustment to compensate for total deafness of the individual listener has been demonstrated to radio engineers assembled here. Justice G. A. Sweeney, consulting engineer of the New York inventor of the device, explained its function and performance before a meeting of the Radio Club of America.

New Senators Appointed

Five Vacancies In Province Of Quebec Are Filled

Ottawa.—Appointment of five new senators from the province of Quebec, was announced following a lengthy meeting of cabinet. Those appointed to the senate are: Hon. Rodolphe Lemieux, who was speaker of the House of Commons; E. W. Tomin, late Federal member for Richmond-Wolfe; J. E. Prevost, late member for Terrebonne; George Parout, late member for Quebec West; and L. A. Wilson, former member for Chaudière-Soulangue.

In making the announcement, Prime Minister Mackenzie King explained that the fifth Quebec vacancy in the senate arose through the resignation of Senator Louis Laverge, of Kennebec. It is understood that the health is the cause of the resignation of Senator Laverge.

Mr. King also stated that it had been the role in the past not to appoint members of parliament to the senate. There had been some exceptions but the general rule was explained why all those appointed at the present time were former members of parliament who had held seats up to the date of dissolution.

FOREST FIRES DESTROY SCORES OF FARM HOUSES

Port Arthur, Ont.—Fourteen-year-old boys, grim-faced, weary from loss of sleep, fought like men and did men's work in Sioux Lookout's valiant defence against forest fire invasion. V. R. "Bill" Hicks, Ontario agriculture pilot who arrived here, told forestry officials and newspapermen that he met him. Sioux Lookout is out of danger now, Hicks said, and the fire that remains in that district are under control.

More than twenty-five families, approximately 75 persons in all, were temporarily homeless, driven from their homes by the relentless onrush of devastating forest fires of timber land in north-western Ontario for the past six weeks.

While a large force of forest rangers and volunteers were heretofore battling against the forest fires, word was received of the first fire fatalities.

The body of Paul Garton, former German war ace, who had been employed as pilot by the Western Canada Airways, was recovered from the waters of Lake Simcoe near Alton Water, Ont. It is believed that Garton's machine, enveloped by dense smoke clouds crashed into the lake, June 2. On that day, the flame-ridden courier, scouring for possible refugees and checking on the path of the fire. Garton distinguished himself as a flyer with the Western front during the war.

Larson is a blackened ruin. The little railway hamlet about two miles west of the lakehead on the Canadian National Railway fell prey to flames, and its few residents fled to neighboring towns.

Frame houses at isolated points in the Larson region were destroyed, bringing the total loss in personal property close to \$100,000.

When Albert E. Swain's milk farm was totally demolished and the animals lost, damage was estimated at \$50,000.

NEW U. S. MINISTER

Without Her Help Britain Cannot Develop Atlantic Airways

London, England.—The air lines of the British Empire are expanding rapidly and reach second only, in mileage, to those of the United States, declared the Rt. Hon. Lord Thomas, secretary of state for air, in the House of Lords during a brief speech. Inspiring review of the Empire's accomplishments in the world of flying, Lord Thomas predicted an era of great aerial expansion under the Empire in the next year or so. He stated there were now about 22,350 miles of regular air routes. He hoped the end of 1931 would see an extension of the Indian route towards Australia, but the date for the completion of this plan, he said, rested largely with the government of Australia.

The Cape to Cairo route should be completed as far as the great lakes of Central Africa by the end of this year and be in full operation by the spring of 1931.

Lord Thomas praised the opening up of what was called the Atlantic

Delights Have Sailed For World Power Conference At Berlin
Ottawa.—Canada will be well represented at the second world power conference to be held in Berlin, Germany, June 10-20, it was announced by Dr. Charles Cunniff, Deputy Minister of Mines and Chairman of the National Committee. Not only have many Canadian delegates sailed last July, but the secretary of state for air, they had reported favorably on the Atlantic airways.

Mr. Cunniff said he was fairly confident that "we should be able to do something along this line."

Strike Natural Gas Well

In Search For Water Near Hudson Bay Junction

Had a Few Inches, Said
There was a big rush here for natural gas, when prospectors and citizens left for the scene of a blazing well, 20 miles south of Hudson Bay Junction.

While a C.N.R. well digging outfit sought water at a depth of 300 feet, they met a gas-oil casing and set a match to it. It ignited at once and is still burning with a flame about ten feet high. There are indications of oil at some points in this district and claims have been staked over the last few days. This is the first indication of a natural gas well. It is reported that if the well were deepened a great supply of gas would be released.

Message From King George

Replies To Congratulations On Birthday From People Of Canada

Ottawa, Ont.—Replying to a message of congratulation sent on behalf of the government and the people of Canada to His Majesty King George, called Premier King as follows:

"I sincerely thank you, the government and the people of Canada, for your greetings and good wishes on this anniversary of my birthday. I most appreciate the loyal sentiments which your message gives expression to."

THOMAS GIVEN NEW POSITION IN BRITISH CABINET

London, England. Prime Minister Ramsay MacDonald in the House of Commons, made the first announcement regarding his expected plan for changes in the Labor Cabinet when he stated that J. H. Thomas, Lord Privy Seal, at present in charge of the government's programme for relief of unemployment, is to be made secretary of state for the dominions, a newly created cabinet post.

Until a few years ago dominion affairs came under the British colonial office. Then, in deference to the increased independent status of the dominions, the title of that department was changed to the dominions and colonial office, though the administration of it remained in the hands of one minister.

MacDonald intimated the hope that the approach of the imperial conference, which will be held here in September, and the nature of its business, would necessitate complete reorganization of the dominions and colonial office and the placing of a separate minister over each of the new dominions.

Thomas will accept the new post of Secretary of State for the dominions. It is not entirely new to "Thomas," however, as in MacDonald's first government, in 1924, he was colonial secretary and became extremely popular with the dominion governments and their representatives in London.

THOMAS GIVEN NEW POSITION IN BRITISH CABINET

London, England. Prime Minister Ramsay MacDonald in the House of Commons, made the first announcement regarding his expected plan for changes in the Labor Cabinet when he stated that J. H. Thomas, Lord Privy Seal, at present in charge of the government's programme for relief of unemployment, is to be made secretary of state for the dominions, a newly created cabinet post.

Until a few years ago dominion affairs came under the British colonial office. Then, in deference to the increased independent status of the dominions, the title of that department was changed to the dominions and colonial office, though the administration of it remained in the hands of one minister.

USING THE BALLOT

WITH the preferential system of
voting used in Alberta the X mark
formerly used has been dispensed
with, and ballots are now marked
with figures 1, 2, 3, and so on, de-
pending first, second, and third choice
of the voter.

In Bow Valley constituency there
are only two candidates, so the
voter must mark a figure 1 opposite
the name of the candidate he wishes
to vote for. There is no second
choice voting in Bow Valley in the
provincial election next Thursday,
June 19. If there were more than
two candidates then first, second,
and third choices should be used, but
with only two candidates there is
only one choice marked with the
figure 1. If any other mark is made
on the ballot such as an "X" mark,
that ballot is spoiled and not count-
ed by the returning officer.

PREMIER DEFY

TO CANADA

From the Christian Science Monitor
Both houses of the Parliament of
Canada have passed the bill provid-
ing that exports of intoxicating liquors
from Canada to prohibition countries
shall hereafter be prohibited. The
measure orders that no clearances
shall be issued to ships with liquor
cargo destined for such prohibition
countries. In accordance with the
Canadian custom, the measure will
be into effect upon the prorogation
of Parliament. Increasing the im-
port of the handicrafting on the salt
grated organizations that have en-
riched themselves by shipping liquor
into the United States have already
so it is reported, closed their ex-
port warehouses along the Niagara
and Detroit rivers.

This action on the part of the
Dominion of Canada ought to be em-
blazoned in letters of gold upon
tablets of enduring stone. It is not
only in fact but in spirit, because
of the material assistance which will
be given by this legislation to the
United States in its endeavor to sup-
press the use of intoxicating liquors,
but rather because of the evidence it
furnishes of a friendly and gener-
ous "even a neighborly" attitude on
the part of the Dominion of Canada
toward the south that this legisla-
tion deserves enduring commenda-
tion.

The suppression of the liquor traf-
fic is in no sense a local or a national
issue, for its evils are admitted in
every land. Canada itself has at-
tempted to deal with it in a way dif-
fering from the methods adopted by
the United States, for the specific
prohibition by law of the manufac-
ture, transportation or sale of in-
toxicating liquors stands today as a
measure peculiar to the United States.
It could readily have been
argued by the Canadian lawmakers,
and was indeed argued by a minority
among them that it was no part of
the duty of the Dominion to assist
the United States in warring out a
problem of its own. Against that
argument a surer sense of international
comity, a nobler recognition of the
importance to the whole civilized
world of the experiment now making
in the United States, proved to be
controlling.

Canada has sacrificed some materi-
al interests in making this great
concession to her neighbor. Within
her borders are distillers and brewers
who found great profit in present-
ing an illicit trade with the United
States, and whose political influence
has exerted strenuously against this
legislation. But the Canadian Gov-
ernment rightly regarded as profit by
prohibitions of an illicit traffic, or
to yield to their appeals for assist-
ance in the task of debauching a
neighbor nation.

The various provinces of Canada
have had their own troubles with li-
quor. They sought, like the United
States, to bring about the same sort of
prohibition law of the United States,
received from that position and ad-
apted a system of government regu-
lation and sale. The United States
is watching the Canadian experiment
with interest. Canada is not only
watching the experiment of the
United States with interest, but by
this recent legislation has given as-
surance that none of her people, for
mercenary motives, shall be per-
mitted to interfere with its orderly
conduct.

The people of the United States
cannot be too outspoken in their
recognition of this friendly act upon
the part of a neighboring nation. It
stands as a translation into legisla-
tion of those conditions of peace and
unity which have for so long main-
tained the border between the two

ONE GOOD RECIPE MAKES A COOK FAMOUS

Salads, appetizing and attractive, are never more appreciated than at this time of the year when the family should have to be coaxed to eat. Here is a recipe for a stuffed pepper salad which will be found unusual, and sure made will be called for again and again.

Stuffed Pepper Salad
2 medium sized green peppers;
1 small cream cheese, quartered
grated Canadian cheese, salt, quarter cupful chopped pineapples, thin cream, aprika lettuce, mayonnaise.

Remove the tops from the peppers, scoop out seeds and boil five minutes in boiling salted water; then remove and chill. Mix together the cream cheese, Canadian cheese, and pineapples, masher with cream as needed, and season with salt and paprika to taste. Pack into pepper shells with thin slices and mix of lettuce leaves with a garnish of mayonnaise. Serves six.

Go into the booth and with the pencil provided place the figure one (1) within the white space containing the name of the candidate who is his first choice. He may place the figure two (2) within the white space containing the name of the candidate he would prefer if the candidate who is his first choice cannot be elected with it. He may then place the figure three (3) within the white space containing the name of the candidate he would prefer if neither his first nor second choice can be elected with it, and so on, marking as many choices as there are candidates.

The voter may stamp for one candidate alone, using the figure one (1), without spoiling his ballot, but is urged to vote the full extent of his choices, as it is only by marking the full number of choices that the voter obtains the full benefit of the ballot.

JOHN D. HUNT

Clerk of Executive Council.
